The ESS Executive

Throughout your time as an undergraduate student in Engineering you will likely be faced with the undeniable need to contact someone in the ESS Executive. The Executive are there to help you! If you have any questions or comments about any aspect of undergraduate life in engineering you should talk to one of them first. The easiest way to contact the ESS is by email (ess@enr), bear in mind however that this mail is forwarded to all the executive so you should not mail this account explaining how drunk you are (right Dave S?). Talking to them personally is also a good method, however you may not know who they are. Well here they are:

President	Stuart Robinson (4B Elec)
VP External	Kaldean Brown (4B Elec)
VP Internal	Mark Morrison (3A Mech)
Treasurer	Audra Blazkow (3A Mech)
Secretary	Myles Dear (4B Comp)
Social Coordinator	Kevin Borthowick (4B Elec)
Sports Coordinator	Dean Curry (4B Mech)
Director of Sales	John Jordan (3A Elec)
Director of Services	Sam Melvin (3A Elec)
Fish Wrap/BaG Editors	Dave Garrison (4B Comp) Cam Lesiuk (4B Elec)

Phone numbers are not yet available for the above but will be posted, along with office hours, at the earliest possibility. You can, of course, email any of the above. ❖

The Return Of WECC

☞ Dave Garrison

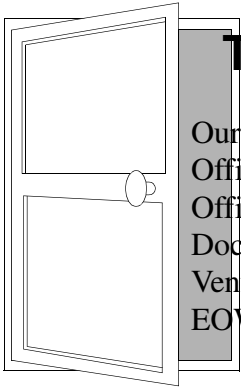

Unless you are a fresh (or were living in a hole) you will remember the incredible glory bestowed upon our small faculty this past spring when four fourth-years (who shall remain nameless because the size of their heads makes it hard to fit them all into a classroom all at the same time) won the prestigious Entrepreneurial Design category at the Canadian Engineering Competition. Unfortunately the national champions will not be defending their title this year leaving it up to the rest of us mortals to follow in their footsteps.

Yes, the Western Engineering Conference and Competition (WECC) is fast approaching and we need some competitors. The competition is being held February 9-13 at the University of Manitoba. Teams finishing first or second in their category at WECC are invited to compete at the nationals which will be held at the University of Toronto in March. The categories for competition are: Entrepreneurial Design, Corporate Design, Explanatory Communications, Editorial Communications and Extemporeous Debate.

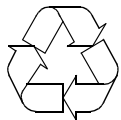

If you have any intentions of competing at WECC you must get in touch with an ESS executive no later than this Friday (January 14)! If you have any questions about the categories please come to the office and talk to someone. ❖

The Office Has Moved

Our favorite hang-out, the way cool ESS Office (more commonly know as The Office) is no longer located in the Loading Dock, which is now exclusively the Science Venture office. The Office is now located in EOW 130.
