Special Invitation to Orientation Edition

*To all new first and
second year students*

You are now officially an **ENGINEERING STUDENT!**

And with this honor, you are entitled to all the benefits and privileges of being part of the University of Victoria Engineering Students' Society (ESS). The ESS is one of the largest, most organized, and most powerful student unions on campus. We concentrate on the specific needs of you, the engineering student.

The ESS is holding an orientation for students entering the Engineering program. This, of course includes recent High School Grads, mature students and transfer students! This orientation is designed to give you an introduction to the UVic campus, the Engineering faculty, the ESS and to meet some of the new classmates that you will spend the next five years with.

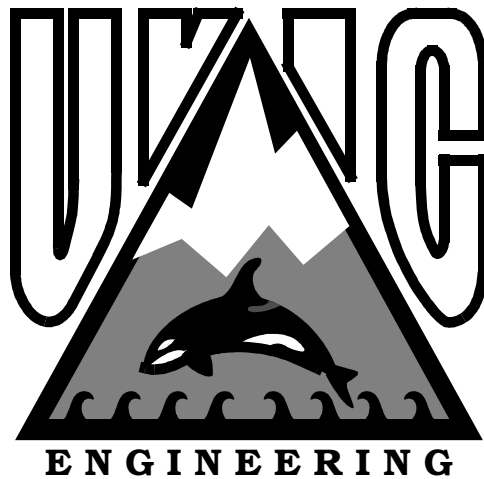

Orientation Agenda

- Friday Sept. 9 (after Dean's speech) :
Campus tours, pizza, scavenger hunt, broomball.
- Monday Sept. 12 :
ESS science olympics
- Tuesday Sept. 13 :
ESS sports olympics
- Friday Sept. 16 :
PARTY!!!!

If you come to our groovy orientation you will receive:

- 1) Information pertinent to your five year journey through engineering.
- 2) An immensely cool T-shirt.
- 3) A ticket to (and a free BEvERage at) the most happenin' engineering party in the league.
- 4) An official campus tour.
- 5) Pizza snack after tour.
- 6) And more events to be announced as they are thought of.
- 7) The official ESS handbook

All this for the low, low price of \$24.95 (includes GST & PST)!

To anybody with questions:

Please note that because engineering runs on the co-op system, the people who are running the orientation are currently not in school, so if you have any questions, do not contact the Engineering Students' Society directly (because we aren't there). If you need questions answered, either call

Daryl Storey @245-4820 or 388-7947
OR Audra Blazkow @ 477-0196

Yes, I would like to participate in the Engineering Students' Society Orientation week.

I have enclosed a cheque or money order made payable to the Engineering Students' Society 'A' for \$25.
