

Minutes for May 31st 2011

Peter:

- Talked with Lil'Anne about frosh. Either we do frosh her way, or we don't do the send out in the beginning of the year.
- Next week we are meeting at Tuesday at 5:30.

Steph:

- Next week we are meeting with Coop guys Tuesday at 12:30.
- Feedback to prior experience in dealing with the Coop department.
- Failure rate in first year math and CSC is high.
- Need suggestions as to why this is.
- Potentially having a common second year between Elec and Ceng, so people don't need to make the decision between the two until 3rd years.
- Faculty meeting tomorrow.
- Planning on getting the mech and seng meetings going.

Austin:

- Industry social / Charity – Feels that it will be too expensive to be a charity. It would be hard to turn in a profit.
- Uvec is going to have registration by next fishwrap. Registration will close 1.5 week prior to competition to give time to buy stuff.
- Calvin trip will come to judge again for Uvec
- Jubs will help design a prototype for the next Uvec challenge... ooooo

Jacob:

- Meeting to be set up with Jason and Julian for funds between two streams.

Joel:

- Next fishwrap is going to be this Thursday, because of mid term stuff.
- If people want to contribute, they should send before tomorrow.
- Need someone to write a pubcrawl recap (NIGEL)
- Need prof quotes
- Good advertisement for the next one.
- Possibly drink and dodge for next one?
- Check in to getting fishwrap@uvic.ca.
- Nibbles and Bytes for getting the time extended. WE NEED FOOD.
- Put something in there about Jackets
- Field Day in next fishwrap

Nigel:

- Ideas for the next pubcrawl. Most interesting guy in the world, Old spice
- Suggestions for next one, stay longer at sopranos, no cover.
- Next event is June 18th, LAWN DAY. Try to find someone to book a field.
- Need people with barbeques and trucks

Tom:

- Went down to ambrosia center for catering. Prices in the ballpark of (\$39) a head. We could charge 30\$ a head and get some subsidies from other places.
- 1 keynote speaker at 1000\$. Could represent a big money gain.

Minutes for May 16th 2011

- This is provided that we don't get them to come here. We do the banquet at ambrosia.
- We can convince companies by saying that this will be tax exempt
- Different idea for charity would be a week of Olympic style events. Hosted at night time for a couple hours.
- REVISIT CATAPULT IDEA?
 - Great engineering thing.
 - Cooperate sponsorship.
 - Slingshot instead.
 - Many different opportunities.
 - If we use soft things...liability might not be such an issue.
- Burger beer and charity night at felicitas
 - First burger and beer at cost.
 - Give incentive to people to stay and buy lots of beer. Represents a big profit for both parties.
- Vote:
 - Social banquet: 3
 - Catapult: 14
- Catapult is the winner
 - Start contacting companies
 - Contact Uvic first to see where we can do it.

Tristan:

- Soccer is the Tits as we can see.
- Trophies for drink and dodge and lawn games.

Graeme:

- Wiki migration is on Mike.

James:

- Uvic Aero club is looking for a little care package from the ESS. James is in contact with the head of that club.
- Foos is going to happen, as soon as Canada post gets their shit together.
- Paper is inbound
- Inventory is on the backburner.
- Keys are needed ASAP for lockbox.
- Need a float.

Tiff:

- Lan party of June 24th, girls night is sometime close to that. She wants an after party that guys are welcome.

Tyler:

- Again, no ladies..
- Look in to how much bottle openers would be.

SCHWAG:

Minutes for May 31st 2011

- Ping pong balls, we could probably sell for less than \$2. Each ball is .48. General consensus is we should go ahead with it. Look in to getting a stamp.
- Bottle openers credit card style?
- Computation paper. Cannot be made custom with the same thickness we are accustomed to. Cost is going to be for 160 pads at 100 sheets a pad 700\$ comparable to the library.
- Bandanas going through team sales. Double sided bandanas are going to be harder.
- Jackets, will be ordered separately. Victor patches will be ordered too. With the option of putting them on the jackets.
